

Summer Institute
for Elementary
Teachers

Inspiring Canada's Future Innovators

July 22 to 24, 2014

Dear Association President or Elementary Education Representative,

The Canada Science and Technology Museums Corporation is pleased to be hosting its fourth annual **Summer Institute for Elementary Teachers** in Ottawa this July. We would like to invite your members to participate in this learning experience, and would greatly appreciate it if you would share this information.

The Summer Institute for Elementary Teachers seeks to support educators, providing engaging activity ideas to help them foster their students' interest in science, technology, engineering, and math. Participants will leave the program with formally accredited professional development hours by the Université du Québec en Outaouais, a renewed enthusiasm, as well as information and resources to share with other teachers in their home communities.

Early Bird Registration
(Deadline April 13th 2014): \$120

After April 13th 2014: \$150

The registration fee includes workshop materials, on-site meals, and participant accommodations. Further information about the program is found on the attached information sheet.

Please direct teachers to complete the Participant Application Form and e-mail it to education@technomuses.ca by **April 13th 2014**.

There are two ways to request more information:

By e-mail: education@technomuses.ca

By telephone: 613-949-7864

About Us

The Canada Science and Technology Museums Corporation is responsible for preserving and protecting Canada's scientific and technological heritage and promoting and sharing knowledge about that heritage. The Corporation and its three Museums—the **Canada Agriculture and Food Museum**, the **Canada Aviation and Space Museum**, and the **Canada Science and Technology Museum**—tell the stories of Canada's ingenuity and achievement in science and technology, and demonstrate how these accomplishments have contributed to the building of our country. Further information about the Corporation and its Museums can be found at:

www.technomuses.ca.

We look forward to hosting this exciting professional learning opportunity, and sharing resources with your organization.
